**NEIL SIMPSON'S COVERAGE: [HTTP://NECN.HOMESTEAD.COM/NATS2015.HTML](http://necn.homestead.com/nats2015.html)**

# Whittier Narrows

## Racing & Speed Calendar For 2015

**Speed Events:** All Speed events including electric, 301-310 & 606-607 + Perky, NASS Sport Jet, and C-Speed. Speed flying Saturday and Sunday.

**Racing Events:** Super Slow Rat/Fox Race, NCLRA Clown, NCLRA Quickie Rat, and S.C.A.R. Goodyear/AMA Nationals Sport Goodyear. Racing Sunday only.

### September 12-13 2015

#### **Wayne Trivin Speed & Racing Memorial**

CD & Racing ED: Ron Duly

### October 10-11 2015 Date Confirmed

#### **Virgil Wilbur Speed & Racing Memorial**

CD & Speed ED: Howard Doering

### December 5-6 2015

#### **Toys For Tots Speed & Racing**

Musciano Log Racing and regular events.

Entry Fee: One new unwrapped toy, approximate value \$10-\$20

CD & Racing ED: Jed Kusik

**Whittier Narrows Park now charges \$6.00 per weekend day entry fee!** You can buy an annual pass from the bureaucrats at the Park Headquarters (weekdays only) for \$25.00 if you are a member of one of the local clubs. All events are AMA sanctioned.

Membership is available on site. All pitmen must wear protective headgear while racing or during practice. Before you set out on a cross-country trek, verify the event date and location have not changed.

**Speed contacts:** Howard Doering (714) 638-4937 Cell (714) 394-5304

Joe Brownlee (714) 895-1857 Cell (714) 393-1940

Jon DeFries (951) 315-3929

**Racing contacts:** Ron Duly (818) 843-174

Don Burke (714) 329-1457

Jed Kusik (714) 669-0205

# DALLAS RACING SERIES FOR 2015

**Saturday September 5** Mouse I, Fox/Goldberg, Sportsman Goodyear, Quickie Rat, SSR

**Saturday October 24** Mouse I, Fox/Goldberg, Sportsman Goodyear, Quickie Rat, SSR

**For more information contact:** Bill Bischoff [billbisch@hotmail.com](mailto:billbisch@hotmail.com) or [www.dmaa-1902.org](http://www.dmaa-1902.org)

## MIDDLESEX MODELERS & SJAM SCHEDULE

**August 2** Precision Aerobatics (four classes) Possibly at North Branch Park  
Jim Vigani 908-334-7579

**September 13** 1/2A Combat, Super Slow Combat Paul Brill 732-805-9122

**September 20** Vintage Combat Plane Festival at GSCB Tom Schaefer 908-803-7405

**September 27** Foxberg, Heavy Metal, 25 Slow Rat, Super Slow Rat  
SJAM George Connors 908-334-7579

**October 4** 25 Slow Rat, Heavy Metal, Sportsman Clown  
Dennis Warchol 908-789-1519

**October 18** Foxberg, Heavy Metal, Sportsman Clown Al Ferraro 908-256-4553

**November 1** Heavy Metal, Super Slow Rat, Fast Rat, Sportsman Clown  
SJAM Brian Silversmith 732-274-4961

**November 15** Foxberg, Sportsman Clown, NCLRA Clown (60 foot lines)  
SJAM Phil Valente 610-696-6469

**HobbyKing:** Pulse Jet \$42.59! <http://www.hobbyking.com> Reeds, nozzles, igniter available too.

**Frank Bowman:** Custom rings for old to modern engines. Old stock parts for some engines.

E-mail for a list: [Ringmaster46@msn.com](mailto:Ringmaster46@msn.com)

**John Newton Speed Products:** Fiber glass shells for B-C-D Speed. Aluminum wing skins. Newtron 21 Sport Speed kit. Props for D-Speed and many other items. Contact John on his cell phone: 909-720-1940

## Membership For Everyone

**National Control Line Racing Association:** <http://www.nclra.org/> Membership information and tons of other neat stuff that even non-members can look at. Membership is \$20 per year with an electronic newsletter (they actually send one out on a regular basis.... unlike some other newsletter). It's \$30 if you want a paper newsletter and live in the USA and \$35 for those living in the hinterlands.

**Navy Carrier Society:** <http://www.navy carriersociety.org/joinNCS.aspx>

**North American Speed Society:** <http://clspeed.com/membership> Membership is \$35 for USA and Canadian residents and \$45 international. PayPal OK

**MACA Miniature Aircraft Combat Association:** <http://www.macasite.org/> Full membership is \$30.00 per year and \$5.00 each for additional family members.

**PAMPA Precision Aerobatics Model Pilots Association**

<http://www.pampacl.org/> Membership starts at \$35.00.

**Combat Flyers Association**

<http://combatflyers.co.uk/index.htm> Vintage and F2d Combat in the UK

**Academy of Model Aeronautics** <http://www.modelaircraft.org>

**World Cup F2ABCD + Support Events May 4-6 2016**

**Control Line World Championships F2ABCD May 7-13 2016**

<http://www.cl-wch2016per.org/> Perth, Australia

<http://brodak.com/control-line-world-subscription-1.html>

**The latest adventures of Speedy Geezer (Ken Burdick): Beyond Blondie, Northwest B-Proto**  
 See article in Flying Lines. <http://flyinglines.org/kb.beyondblondie.html>

## Gil's Meet 2015

Reported by Phil Cartier

Unfortunately we ended up on the fourth weekend, and Memorial Day, due to the fluky way weekends move around- no Monday after 5/31. We're planning on going to the first weekend starting next year. May always has a first weekend, but Memorial Day was the 4<sup>th</sup> weekend, conflicted with Philly's picnic amongst other things.

That didn't stop the 6 flyers who showed up from having a good time.

Name	Air Tim e	Cuts	Bonus	Total	Place
Louis Lopez 110504	114 9	7	800	2650	1
Roy Glenn 27066	110 3	5	800	2403	4
Dave Edwards 97344	968	3	800	2068	5

Oleg Shusterman 599259	111 7	5	800	2417	3
Fred Quedenfeld 58609	110 8	7	800	2608	2

The flying was clean. Fred decided not to be a target tug and started some combat maneuvering, mostly as people passed by him. He got 2 cuts against Dave and Louis and 3 against Oleg. Phil had a brain fart in the third match and crashed and got less than a minute of air time. Duh. **Phil Cartier's report provided by Fred Quedenfeld**

### **Super-Soft Latex Rubber Tubing**    **McMaster-Carr**    <http://www.mcmaster.com/#>

Opaque Black

Semi-Clear Amber

- Very flexible
- Very soft (Shore A35)
- Temperature Range: 0° to 158° F
- Use with [barbed fittings](#)

Stretch it, bend it, compress it—this tubing will spring back to its original shape. Made of super-soft natural rubber, it has a smooth texture and is resistant to abrasion as well as weak acids and alkalis. Use with water, air, and ethylene glycol. Material meets A-A-52047C. Tubing can be sterilized with steam (autoclaving) and gas.

View information about the [chemical compatibility of rubber tubing](#).

#### **Fast or F2d Combat bladder**

1/4" ID 3/8" OD 1/16" Wall Thickness

Opaque Black, Semi-Clear Amber (opaque is the preferred choice)

[5234K44](#) \$1.28 per foot

#### **1/2A Combat bladder**

5/32" ID 1/4" OD 3/64" Wall Thickness

Opaque Black, Semi-Clear Amber

[5234K96](#) \$0.86 per foot

#### **Fast and F2d fuel line**

5236K81

#### **Tubing for Pete's Spring Thing fuel shutoff**

5236K82

These numbers will get you **close**. Shipping charges can be high if you have a small order.

**(top picture) F2d Team and Alternates, (below) Chuck Rudner is F2d National Champion. Bobby Mears and Dave Fischer were 2-3<sup>rd</sup> in F2d and Alternates on the 2016 F2d Team.**

**Winning this match against Dave Fischer (red vest) pretty much assured Andy Minor a spot on the 2016 World Championship F2d Team. Dave is an alternate along with Allen Deveuve (first alternate), Andy Mears and Bobby Mears. Team members are Greg Wornell, Andy Minor, Andrey Nadein along with his daughter, Sasha, who will be the Junior on the team.**

**The F2d Team Trials were held July 11-12 in Muncie. Triple elimination with 26 entries. In some cases it took three reflights to determine the winner of a match. Combat Week started with an open F2d contest which was followed later in the week by Speed Limit, 1/2A, and Fast Combat.**

**Entrants**  
135

**Flights**  
610

**June 15, 16, 17, 18, 19, 20 2015**

228 Locust Street, Carmichaels, PA 15320

**2015 FAI F2  
European Championships for Control  
Line Model Aircraft  
22 - 29 August 2015  
Pazardzhik, Bulgaria,**

### **Bulletin 1**

The 2015 FAI F2 European Championships for Control Line Model Aircraft (juniors and seniors) will be organised by the Bulgarian Aeromodelling Federation (BAF) from 22-29 August, in the town of Pazardzhik, Bulgaria.

#### **Competition Rules**

Classes : F2A, F2B, F2C and F2D

European Championships will be run according to:

- FAI Sporting Code Section 4 Aeromodelling, Volume ABR 2015 Edition
- FAI Sporting Code Section 4 Aeromodelling Volume F2 Control Line model aircraft, 2015 Edition
- FAI Code of Ethics
- Anti-doping : As per rule B.3.7 of FAI Sporting Code Section 4 Aeromodelling, Volume ABR 2015 Edition, any competitor who has to take any of the substances on the WADA Prohibited List for a medical condition must have a Therapeutic Use Exemption (TUE) granted by the FAI.

Valid FAI sporting licenses will be mandatory for each competitor, team manager, assistant team manager and mechanics. Only licenses which are registered on the FAI central database are valid.

#### **Official languages**

The official languages - English and Bulgarian.

#### **Visa requirements**

Visitors from most countries do not require a visa to enter Bulgaria. In case of doubt, please enquire in your own country.

# VINTAGE COMBAT PLANE FESTIVAL

## September 20, 2015

**The Combat Master - Larry Scarinzi**

It's not too early to start up some chatter about the 3<sup>rd</sup> Festival being held on September 20, 2015 at the Garden State Circle Burners field. The first two have been well received with many different oldies going up in the air. There are no rules other than flying safely. Mostly ships go up one at a time but there were a couple of 'matches' last year. The goal is to gather as many combat ships from the beginning to, roughly, the mid 70's. Wood airplanes. I expect to have 2 or 3 circles for us to use. We ask for a \$5 donation for all participants. This all goes to the GSCB to help them maintain the field. There will be food available as well.

Last year I made a nice prize, endorsed by Larry Scarinzi himself, for the person with the fastest *baffle piston* powered plane. Participation was light, so it will be offered again. In fairness, I will include the ST G-21 35 non-schnuerle this year. We have several of the ABC 36X motors running. They work well, so bring out your best junk, tip the can and go for the speed!! Come out for the fun of it!

**C.T. Schaefer (908) 803-7405**

# Ringmaster Fly-A-Thon 2015

*The Brotherhood of the Ring is sponsoring its 8th Annual Fly-A-Thon event:  
October 3rd & 4th, 2015*

*Matt Kania's beloved Ringmaster control line model has been built and flown by more modelers than any other control line model airplane!*

**This is not a contest! No registration is required. There are no entry fees or prizes! This Fly-A-Thon is to honor the most popular CL model ever!! Be part of something big and help make history by having more worldwide Ringmaster flights in a single weekend than last year's record of 2714 flights!**

**A record 456 different pilots participated!!**

**This event is open to *all* participants *worldwide*!**

**On October 3rd & 4th, we challenge you to fly any one or more of the many varieties of Ringmasters, old or new, and report your flights to: [2015flyathon@ringmasterflyathon.com](mailto:2015flyathon@ringmasterflyathon.com)**

**Deadline for reporting is 12:00 noon Eastern time (USA) Tuesday October 6th**

**Location: *Wherever you are!***

**Any Ringmaster from 1/2A to Giant and all variants in between can be flown.**

**Please report, how many total Ringmaster flights were made, how many different pilots flew, how many different Ringmasters flew and the location of these flights. Please feel free to include lots of details of your event as we plan to chronicle the Fly-A-Thon for future publication in Control Line World.**

**If you get a new pilot to solo on a Ringmaster, that first flight will count as 2 flights!**

***Let's keep the spirit of C/L alive!***

**Ok everyone! Just dig that old dusty Ringmaster from your attic and go fly it!**

*The results will be compiled and published by the Brotherhood of the Ring.*

All questions should be directed to the primary contact: [FFlyathon2014@yahoo.com](mailto:FFlyathon2014@yahoo.com)

12:00	Prize giving	Pista vuelo Jinámar

The aeromodelling club Tamarán and the Canary Federation of air sports (FECDA) have organized for the 15th consecutive year the V&V 2015, an event in which every year we put much effort so that you come to Gran Canaria to compete and of course to enjoy practicing what you like most... the aeromodelling. In addition to these valid competitions for the national Spanish selection, we have more activities in which you can take part in them, if you think that you do not have the necessary level of skill to participate in the F2B-FAI events that we organize. We have thought of organizing OLD TIME STUNT and BEGINNER aerobatics, also COMBAT speed limit.

### Information for the 2015 event:

<http://www.clubtamaran.com/v&v2010ING.htm>

## Vintage Stunt Championships XXVIII March 15 – 19, 2016

**Flying Site:** Christopher Columbus Park, 4600 North Silverbell Rd, Tucson, AZ 85745  
**Pilots meeting:** Daily at 8:00 AM. Official flights start no later than 8:30AM.  
**Hotel and Banquet:** Hotel Tucson City Center, 475 N Granada Ave., Tucson, AZ 85701 Phone: (520) 622-3000

- Free full breakfast buffet @ 8:30AM and free happy hour 5:00 to 6:30 PM
- \$65 + tax 2 queens or one king suite (Must reserve by Feb 23, 2016)
- \$75 + tax 2 bedroom suite, 2 queens or one king + sleeper Sofa in the 2nd room

**Classic & Super 70's Appearance Judging** - Wed. (Mar 18) starting promptly at 4:30PM at the Hotel Tucson City Center

Ringmaster S-1 Ringmaster required, no BOM, flown on grass. You may enter OTS, IGN OTS, and Ringmaster OTS if you wish.

**Exhibition Event** – We invite you to fly or exhibit something COOL, interesting or representative of any early era of control line. Exhibition to be held immediately after OTS on Tue & Wed. No pre-entry or fee required. Just show up with a current AMA license and show us something cool.

**Entry Deadline:** Friday March 4th, 2016. By this date and time we need to have received your entry. John Callentine's mailing address is on the registration form. Registration form is also available for download at [www.ccmaconline.org](http://www.ccmaconline.org)

Our policy is to return your entry fees if you have registered and cannot attend for any reason

**Awards Banquet:** sign-up is held open until after the start of VSC. If you wish to attend the banquet and have not signed-up, check with John Callentine at the flying site by 8 AM, March 16<sup>th</sup>. Refunds for the banquet cannot be made after 8 AM, Wed. March 16<sup>th</sup>

**Raffle:** Drawing at Appearance judging on Wed – donations welcome and appreciated – Contact Ken Guilford 602-908-2810

### REGISTRATION FORM: VSC-XXVIII (28) March 15 –19, 2016

**NAME:** \_\_\_\_\_ **AMA #** \_\_\_\_\_  
**STREET:** \_\_\_\_\_ **CITY:** \_\_\_\_\_ **STATE:** \_\_\_\_\_ **Zip** \_\_\_\_\_  
**EMAIL ADDRESS:** \_\_\_\_\_ **License Plate # and State:** \_\_\_\_\_  
Needed if you would like entry confirmation (Only if staying at flying site overnight)

FOR ANY AND ALL EVENTS: I hereby certify that I have read all information accompanying the entry form, and that the model(s) entered by me will be built by me (if required) and flown in compliance with the current Competition Regulations (both AMA and PAMPA), and will previously have been successfully flight tested and proved to be airworthy in accordance with the Official AMA Safety Code.

**Signature:** \_\_\_\_\_

BOM rule, as it applies to VSC is posted on the Cholla Chopper Web Site

**EVENTS ENTERED:**

OTS @ \$20.00 \_\_\_\_\_ (Tues. 15<sup>th</sup> – Wed. 16<sup>th</sup>)  
IGN OTS @ \$20.00 \_\_\_\_\_ (Tues. 15<sup>th</sup> – Wed. 16<sup>th</sup>)  
OTS Ringmaster @ \$20.00 \_\_\_\_\_ (Tues. 15<sup>th</sup> – Wed. 16<sup>th</sup>)  
Classic @ \$20.00 \_\_\_\_\_ (Thru. 17<sup>th</sup> – Sat. 19<sup>th</sup>)  
Super 70s @ \$20.00 \_\_\_\_\_ (Thru. 17<sup>th</sup> – Sat. 19<sup>th</sup>)

OTS/OTS IGN-current PAMPA rules - BOM not req'd  
Ringmaster OTS - no BOM rule & no bonus for self-built models  
•Classic & S/70 – no BOM. Zero (0) for appearance if the contestant did not build the airplane

One round each day using all three asphalt circles. Two highest scores of three flights will be added together for the final score & placina

ARF's, ARC's, purchased or borrowed models are allowed in all events, but, models entered in Classic or Super 70s receive a zero (0) for appearance points. No more than two contestants can fly the same plane in the same event. Example: Contestant 'X' and contestant 'Y' can fly the same plane in Classic but no one else. This goes for OTS, OTS Ign, and Ringmaster as well. For details refer to the Cholla Chopper web site; [www.ccmaconline.org](http://www.ccmaconline.org)

**Awards Banquet Selections (Sat Night March 19)**

Beef Top Sirloin @ \$30.00, Names: \_\_\_\_\_  
Chicken Marsala @ \$30.00, Names: \_\_\_\_\_  
Salmon @ \$30.00, Names: \_\_\_\_\_

**Entry must be received no later than Friday March 4, 2016**

## **F2C Questionnaire and open letter from Walt Perkins (next page)**

F2C is the fastest and most exciting control line racing event in the world. Lately it has come under fire from the bureaucrats who live somewhere in a swamp near Belgium. They say it's too fast and noisy and have twisted arms to get their way. The noise reduction/safety venturi is now mandated at no more than 3mm. A little quieter, well, maybe. Airspeeds have dropped but race times are not that much slower because the *fast guys* can now do a 100 lap heat with one pit stop while lesser folks do two stops at an even more reduced pace and have temperamental engine settings and carbon build-up. What's that phrase you hear in medical school? Physician, do no more harm! The bureaucrats are busy removing the tumors of injustice (noise/speed in this case) and the patient dies. One competitor suggested that maybe letting the patient (F2C Racing) die a natural death would be the most appropriate way to go.

Walt's letter appears first, followed by the questionnaire. Readers of this newsletter may not give a hoot about F2C but one day your favorite event may be on the chopping block. Take a minute to read through Walt's letter and page through the questionnaire.

A technical note: The questionnaire was designed to appear in a form bigger than this newsletter format. It will make it a lot easier to read if you crank up the magnification to 150% or so. There is no way to electronically add your information to the questionnaire either. You could send your information directly to Walt for tabulation ([walperkins@aol.com](mailto:walperkins@aol.com)) or contact the Editor for the original file. *Ed*

All,

As of July 2015 the F2C noise reduction issue is still a topic of interest in the F2C community and after re-reading the attached memo from 2013 I am left with the question that is still unanswered:

What is the practical problem that F2C noise reduction will solve?

The attachment to your email, if I read it correctly, says the whole idea of F2C noise reduction started at the Plenary level but it does not say why noise needed to be reduced in the F2C class- only that we need to 'respect' that decision. Can anyone tell me why the Plenary is worried about F2C noise?

The letter also states that the majority of the CIAM Bureau are in favor of adopting a reduction in F2C noise. Why is F2C noise the business of the CIAM Bureau, other than those members who are in the F2C community? Would you, Mr. Papadopoulos, like someone else to tell you what kind of car to drive? Would that be proper?

The previous F2 leadership advanced the noise reduction-justification based on threatened use of F2C flying sites around the world. That was a lie without any serious investigation. A world-wide survey of F2C flying sites later proved there is no such threat on any significant level.

Then we heard, very quietly, that F2C noise was posing a hearing loss threat to participants. So a suggestion was formulated to require hearing protection of all participants (competitors, judges, organizers, helpers, etc.) as a safety issue. But current F2 leadership has not, to my knowledge, advanced that idea toward a safety proposal. As far as I know, there is no discussion even.

And, we heard that noise reduction is a sign of being 'a good neighbor'. What neighbor do we want to be good to? Industrial neighbors, agricultural neighbors, transportation neighbors, rock concert neighbors? All these 'neighbors' make significant noise that is already a threat to hearing loss or make no noise at all (but are who make no complaints) but we don't complain to them to 'keep it down'. So, who exactly are we trying to satisfy? The Plenary?

Which gets us to the central issue of who should be leading whom? Is it proper for the Plenary to bully the F2C community? I don't think so. The F2C community, through their National Aero Clubs, pays the FAI, and therefore the Plenary and CIAM Bureau, for their 'guidance' and assistance. In other words, the Plenary and CIAM work for the F2C community and should implement our wishes- not the other way around. If the Plenary wants us to take a look at our noise level and make recommendations then the F2 leadership should seek the F2C community's opinion. That never happened. The previous F2 leadership was bullied and worked in virtual secrecy to advance the idea that F2C noise reduction was necessary and that engine silencers was the (ill-advised) solution. When the F2C community woke up and understood the impact of the silencer idea (and who stood to gain from its adoption) a rebellion got us another ill-advised proposal- 3mm venturis.

Please see the attached questionnaire that is being circulated to provide an organized in-put from the F2C community on a whole host of F2C-related topics being discussed. If the community will complete the questionnaire we might then have a basis to respond properly to the CIAM Bureau.

There is no doubt that F2C participation is declining world-wide and there finally seems to be an agreement that the F2C community needs to lead the discussion to address that problem. Some feel the event has become too fast, too costly and too complex to survive in the present modeling world. If that's the majority view, there are several options available as remedies. Some feel we should start the conversion to 'new F2C' by amassing relevant data and facts that lead to the conclusion that noise reduction is simply not necessary for F2C. Then, we go forward from there with a transparent discussion and majority decision of how we want to change. In other words, we can define our own future without direction from the Plenary of CIAM Bureau.

I realize the recipients of this email may no longer hold their position in the CAIM Bureau so I would ask you to please forward this email to any relevant persons currently in Plenary and CIAM Bureau leadership positions.

Thanks you for you attention.

Best regards,

Walt Perkins, Former F2C competitor

**F2C Questionnaire**

**July 2015**

This is your chance to have your opinion heard by F2 leadership on a variety of F2C subjects being discussed around the world. Please forward a copy of this questionnaire to everyone you know in the F2C community to complete. Please truthfully complete this questionnaire as much as possible and return to Peter Halman (peter.halman@ntworld.com) and /or Walt Perkins (walperkins@aol.com). I will forward any sent to me to Peter.

**Personal and Demographic Information-**

1	Your name:		
2	Your national Residence:		
3	Your Profession:		
4a	Your involvement with F2C (check all that apply)	Active Competitor	<input type="checkbox"/>
4b		Retired Competitor	<input type="checkbox"/>
4c		F2C Equipment Manufactures	<input type="checkbox"/>
4d		Local, national, or international F2C Administrator	<input type="checkbox"/>
4e		F2C Jury member	<input type="checkbox"/>
4f		Contest Organiser	<input type="checkbox"/>
5a	Your Age (check one):	Under 20	<input type="checkbox"/>
5b		20- 29	<input type="checkbox"/>
5c		30- 39	<input type="checkbox"/>
5d		40- 49	<input type="checkbox"/>
5e		50-59	<input type="checkbox"/>
5f		60 or older	<input type="checkbox"/>
6	What year did you first participate in F2C?		
7	Do you belong to a local model club?	Yes	No
8	Do you currently have diminished, non-congenital, hearing capacity?	Yes	No

**Your current local flying site information-**

9	EPS location (can use on-line sources to define)		
10	Nearest population center (city or town):		
11	Local name of the site:		
12a	Site location description (check all that apply)	In a recreation park	<input type="checkbox"/>
12b		In an industrial area	<input type="checkbox"/>
12c		Near an airport	<input type="checkbox"/>
12d		In a residential area	<input type="checkbox"/>
12e		In an agricultural area	<input type="checkbox"/>
12f		In a National Park	<input type="checkbox"/>
12g		Other	<input type="checkbox"/>
13a	Who owns your local site land (check one)	Private, individual	<input type="checkbox"/>
13b		Private, model club	<input type="checkbox"/>
13c		Private, corporation	<input type="checkbox"/>
13d		Local, regional, or national government	<input type="checkbox"/>
14	Site use restrictions- days and hours of use		
15	Approximate age of the site in years		
16	Is the site currently in danger of 'urbanization' loss	Yes	No
17	Would you say your local flying site has significant ambient noise when no models are flying (highways, industrial noise, airport noise)?	Yes	No
18	Does your current flying site have natural noise attenuating features (surrounding trees, buildings, dirt berms, solid fencing)?	Yes	No

**Your former local flying site information-**

19	EPS location (can use on-line sources to define)		
20a	Site location description (check all that apply)	In a recreation park	<input type="checkbox"/>
20b		In an industrial area	<input type="checkbox"/>
20c		Near an airport	<input type="checkbox"/>
20d		In a residential area	<input type="checkbox"/>
20e		In an agricultural area	<input type="checkbox"/>
20f		In a National Park	<input type="checkbox"/>
20g		Other	<input type="checkbox"/>
21a	Who owned the site land (check one)	Private, individual	<input type="checkbox"/>
21b		Private, model club	<input type="checkbox"/>
21c		Private, corporation	<input type="checkbox"/>
21d		Local or national government	<input type="checkbox"/>
22	Approximately what year did the site become available		
23	Approximately what year was the site closed		
24a	Why was the site closed? (check all that apply)	Encroaching 'urbanization'	<input type="checkbox"/>
24b		Lack of use	<input type="checkbox"/>
24c		Owner converted the use	<input type="checkbox"/>

**Participation-related-**

25	Compared to when you first became involved, has your local interest in F2C decreased, increased, stayed the same?		
26	Compared to when you first became involved, has your national interest in F2C decreased, increased, stayed the same?		
27	If <b>no changes are made</b> to make F2C slower, less costly, and less complex how much longer, in years, do you plan to participate?		
28	If <b>changes are made</b> to make F2C slower, less costly, and less complex how much longer, in years, would you participate?		
29	Were you attracted to F2C by the technical challenge?	Yes	No
30	Were you attracted to F2C by the competition challenge (thrill of racing)?	Yes	No
31	Were you attracted to F2C because it is the only control line racing event that offers a world championship?	Yes	No
32	Were you attracted to F2C for another reason (please specify)?	Yes	No

**Competition-related-**

33	What was the average model speed, in (sec/10 laps) when you became involved in F2C?		
34	Do you feel F2C participation is negatively influenced by the current model speeds?	Yes	No
35	Do you feel current model speeds (16 sec/10 laps) are too fast for you to be competitive?	Yes	No
36	Do you feel significantly lower model speeds would allow you to become competitive?	Yes	No
37	Do you feel significantly lower model speeds would allow the panel of judges to more objectively administer a fairer race result?		
38	Do you feel the current F2C models and racing equipment are more complex than they need to be for close racing?	Yes	No
39	Do you feel F2C participation is negatively influenced by the event's current complexity / cost requirement?	Yes	No
40a	What item(s) of 'complexity' would you favor prohibiting? (Check all that apply)		Retracting landing gears
40b			Fuel chemistry-altering refuelling systems
40c			Pre-pressurized refuelling systems
40d			Pressurized engine intake systems (turbo- or super-charging)
40e			Control handle tether strap
40f			Processing 2 models, not 3
40g			Other (specify)
41	Do you currently use a fuel chemistry-altering pressure refuelling system?	Yes	No
42	If you are not currently an active F2C competitor, would you consider returning to competition if changes are implemented to make the event simpler, slower, and less costly?	Yes	No
43	Would you favor mandating a required number of race pit stops?	Yes	No
44	Would you favor allowing each competitor to decide his own race pit stop strategy?	Yes	No
45	Would you favor a coordinated multi-camera race video tape system to aid the judges resolve disputes?	Yes	No
46	Would you favor allowing spectator video tape to be used by the panel of judges to resolve disputes?	Yes	No

**Noise reduction-related-**

47	Do you currently use hearing protection (ear plugs or head phones) near running F2C engines?	Yes	No
48	Do you believe F2C participation will be negatively influenced if mandatory hearing protection at competitions is adopted as a safety measure?	Yes	No
49	Would you favor mandatory hearing protection at contests if that requirement could be used to justify no need for F2C noise reduction (along with other reality-based facts)?	Yes	No
50	If F2C noise reduction requires additional complexity and cost will you continue to participate?	Yes	No
51	Do you believe the F2C community should be responsible for determining if noise reduction is necessary (and not by people who are not involved directly with F2C)?	Yes	No
52	If the F2C community decides noise reduction is unnecessary, do you believe F2 leadership should use this opinion to politely oppose any F2C noise reduction at the FAI/CIAM level <u>based on factual information</u> ?	Yes	No
53	Do you know of any actual problem with F2C that noise reduction is the solution for (please specify)?	Yes	No

**Standard fuel -related-**

54	Have you experimented with 'non-standard' fuel ingredients (other than kerosene, castor oil, ether, and igniter) for improved performance?	Yes	No
55	Does your current fuel formula contain 'non-standard' fuel ingredients?	Yes	No
56	Does your current fuel formula contain tetraethyllead (TEL)?	Yes	No

57	Is TEL a controlled substance in your country?	Yes	No
58	Does your current fuel formula contain controlled substances (do not specify)?	Yes	No
59	If standard fuel, or standard fuel ingredients, are adopted for F2C will you continue to participate?	Yes	No
60	Have you ever, or do you know someone who has, shipped fuel, or fuel ingredients, through the mail system?	Yes	No
61	Have you ever, or do you know someone who has, transported fuel, or fuel ingredients, on a commercial airliner?	Yes	No

**Model / engine-related-**

62	Have you ever built an F2C model (including using purchased components)?	Yes	No
63	Did you build or buy your last F2C model?	Build	Buy
64	Have you ever built an F2C engine?	Yes	No
65	Did you build or buy your last F2C engine?	Build	Buy
66	Do you modify purchased F2C engines?	Yes	No
67	Do you modify purchased F2C models?	Yes	No
68	Is it important for you to be able to buy or sell 'used' F2C models and engines?	Yes	No
69	Do you believe F2C model speed should be reduced significantly?	Yes	No
70	Would you favor a reduction in F2C engine size to reduce model speed?	Yes	No
71	If a smaller F2C engine size is adopted will you continue to participate?	Yes	No
72	Would you favor an enlarged F2C model to reduce model speed?	Yes	No
73	Would you favor use of a standard commercial prop to reduce model speed?	Yes	No
74	Would you favor a mandated venturi size to reduce model speed?	Yes	No

**Equipment supplier-related-**

75	If you are an F2C supplier, do you produce more than F2C-related equipment?	Yes	No
76	If the F2C regulation changes obsolete some of your current products will you re-tool to supply new equipment?	Yes	No

**Contest Organizer-related-**

77	Do you 'subcontract' certain contest functions outside your local club members?	Yes	No
78	Would you be willing to 'subcontract' the standard fuel administration function?	Yes	No
79	If coordinated multiple-camera video taping is adopted as an aid to race judging, would you be willing to 'subcontract' the race video taping administration function?	Yes	No
80	Would you support providing inexpensive hearing protection ear plugs at contests if that did not cost you anything?	Yes	No
81	Do you charge spectator admission to your contests?	Yes	No

**F2 Leadership-related-**

82	Do you believe F2 leadership's primary responsibility is to protect the future of F2C?	Yes	No
83	Do you believe F2 leadership is proactively committed to increasing F2C participation?	Yes	No
84	Are you satisfied with the pace of F2 leadership's exploration of rule changes to increase F2C participation?	Yes	No
85	Are you satisfied with the visibility of F2 leadership's exploration of rule changes to increase F2C participation?	Yes	No
86	Would you like the results of this Questionnaire to influence F2C change proposals for the F2C community to vote on?	Yes	No
87	Would you like the results of this questionnaire to be transparently published by F2 Leadership?	Yes	No
88	Do you believe F2 leadership has the 'political will' to oppose all F2C noise reduction at the FAI/CIAM level?	Yes	No
89	Do you believe the F2 leadership can be sufficiently objective to drive significant changes for the long-term health of F2C if the F2C community votes on the proposed changes?	Yes	No

**Panel of Judges-related-**

90	Do you feel judging the races is more difficult today than in the past?	Yes	No
91	Do you feel judging the races is more difficult today because of current model speeds?	Yes	No
92	Do you feel judging the races would be easier if the model speeds were significantly lower?	Yes	No
93	Do you feel the current regulations and jury guide are sufficiently clear to avoid interpretation clashes between competitors and judges?	Yes	No

**A stunt flyer with a sense of humor.....and he did outscore everyone!**
