Hello Members-

The field is getting a lot of use these days and we have Jim Coll Stunt Contest coming up in two weeks on August 12-13 and then IMAC the next weekend on August 19-20. Mark your calendars and plan to come watch or maybe even help out. These events help us keep our dues low and support activities that our members enjoy. Our club thrives because we have passionate members willing to share with each other and the greater model airplane public. Each of us has reason to be proud of the club we have. Our visitors are always appreciative of the superb place we have to fly but also our friendliness and helpful attitude.

With so much going on, it is important that each of us remember those little things we know to keep safe. Below are a few pictures from the past couple of weeks at the field. If you don't see yourself, then maybe you should come out and fly with us.

See you at the field,

A Meeting was called to order on . . .

July 12, 2017 at the Field at 7pm. The Treasurer reported \$4,596.83 in savings and \$549.38 in checking. We deposited over \$1200 from the IMAC event and covered \$500 of expense with cash left over. The upcoming events were discussed. Both events are pretty much covered for food and cooks thanks to Jim and George.

Jim and Matt reported that our wiring is complete to connect a generator to some convenient outlets to handle event scoring activities. Much thanks to Jim Cockran, Kenny Weaver and Matt Sebring for tackling this project.

A couple of members brought up a request to remove some spectator fencing to allow greater pilot access to the pits. After some discussion an informal poll of the members was taken. There were 3 in favor and 3 opposed. The club Board will take up the idea and make a final decision.

There will be an auction held for a SAC club member's estate on July 22. Details will be distributed when they are available.

A new youth club member was welcomed - Henrick Hammons has joined AMA and the club and wants to learn to fly. Members present offered assistance and also offered to look for some extra equipment to help get things started.

There being no further business, the meeting was called to a close at 7:35pm.
