## Next Club Meeting:

Sept 1st, 2016, 7:30pm

Where: **At the field**

**Come early if you want to eat!**

## From the President's Hangar

Hopefully the weather will be cooling off as the summer is coming to an end, (my how time flies!!), and we all know that September and October are loaded with flying events, so let's go flying!! It's been so hot and I have been out of town, so I don't know much about what's been going on at the field, but I hope it's all been good!

We will have our **September meeting at the field on September 1st** with pizza being served, come early and get some flying in if you can! The meeting will start around 7:30 pm., hope it won't be too hot.

This will be just before our **AMA Fall Fly in on Saturday September 3rd**, so we need to tie up any loose ends at the meeting. As always we will need help with concessions, food, registration, trash removal etc. Chuck ordered the raffle prize purchased by the club, but we need other prizes if you guys can donate, Thanks.

While working at the field today, Dave and I were emptying the trash and noticed beer bottles in the trash, and as much as I like a beer or wine cooler occasionally, Mr. Rose (our land owner) has ask for no alcohol be consumed at the field, so this is to **remind everyone, NO ALCOHOL AT THE FIELD!** Thank you for your cooperation.

I have club t-shirts for **David**

**Walls (\$24), Mike Kushman (\$24), Robert Cockrell (\$20) and Greg Williams (\$20)**, Please pick them up from me at the field, I have them with me there. If you don't want them let me know and I will sell them to someone else. My cell # 252-813-8347, cash or check made out to Tarheel RC Flyers. Thanks

We will have a prep day on Friday, Sept. 2nd around 4 pm to get everything ready, so come out and help if you can.

The following week is the RDRC Fly For Tots Event so make preparations for that great fundraising event for the kids at Victory Junction Camp. The event is September 9-11, 2016. Some of us will go up Thursday afternoon and set up tents for a BIG weekend! Come join us!!

That's all for now,  
See ya at the field!

## Field Report

Hello to Everyone,

The grass looks like it is growing, and green with the slow release fertilizer is working very well, at a steady pace. We need a little more participation, There were 3 Pilot there today. pretty, Saturday, 88 degree. This is summer time in NC. There seem to be quite a bit of activity of spiders in the building for now, more activity they will move to another location.
