## **IGNITER**

Dear Member,

It is official- our 2018 sanctioned event calendar has seen the wrap up of both Jim Coll Control Line Stunt Contest and the Ace Oertly IMAC competition. Some photos from both appear below. Both groups have expressed a desire to follow us to the new field which will help us fund our move.

We have two more events on the club flying calendar: A Glider Day scheduled for Saturday, October 6 and a second "Invitational Jet Rally" scheduled for Saturday, October 13. There will be food available on both days, and the club

hopes to make them both fun, low key days to fly and/or watch a concentration of one aspect of the hobby. This club maintains a commitment to supporting a wide variety of model airplane activities. Plan to come out and fly or just watch and buy a hot dog.

Also, this time of year, our bylaws ask us to review our member dues and nominate officers for the upcoming year. I can't think of another club where finding Officers is as easy as it is for us. We just ask the current officers if they are willing to serve another year and we ask everybody else if someone wants a turn doing club work as an officer. Those things are scheduled to happen at the October club meeting, so give this some thought please.

Hope to see you at the field on a cool day sometime soon !

Jack

---

Introducing our new Landlord, David Wilson and his son, who came to visit the field during the Jim Coll Stunt Contest. Now that September is here, it won't be long until the corn is off the new field and we can get started making our new home. If you happen to see David, let him know how much we appreciate having a place to make our new home.

---

## A Meeting was called to order on . . .

August 8, 2018 at the Field at 7pm. There was a huge problem caused by the pizza place being closed, but the group found food elsewhere and managed to get back to the field in time for a meeting. There were 20 members present. The treasurer reported balances of \$5,835.11 in savings and \$1,260.44 in checking as well as \$163 in petty cash.

Details for the upcoming Jim Coll event were reviewed and George Fox and Doug Smith volunteered to help with the cooking. Ken Weaver checked in with IMAC details, and it appears that things are under control there as well. The group paused for a moment of hope for good no rain event days.

Members were reminded of two additional no pressure fun fly picnic events scheduled for October- A Glider day on October 6 and Invitational Jet Rally on October 13. Food will be available for sale on both days and members are encouraged to join the fun.

Tom Tilley had samples of the new club t shirt and club hat and was taking sign ups from members wishing to purchase one. It appears that the hats will be \$13.25 each and the custom T shirts with pocket and member name will cost \$25.

A discussion about the necessity of moving the club field to a new location was commenced. Members present voted unanimously in favor of moving to land owned by David Wilson under terms similar to the current arrangement. Members voted to empower the President to work the details out with the Landlord and coordinate the move. The club Board also approved the decisions of the members.

The club will be developing a list of members wishing to help with various construction activities involved with getting the new field ready to go next year. Interested members should contact an officer to get on the list.

There being no further business, the meeting was adjourned at 8:02pm.

---
