## From the President's Hangar

Fall is officially here and some much anticipated cooler weather has finally arrived, (whew!), hope it doesn't turn COLD too soon! It is time for some great flying without having a heat stroke, so let's enjoy other surrounding club's events as well as our own field!

Due to hurricane Hermine our September event was canceled and I think we made the right decision as it turned out, you just never know in situations as that, so now we have to make up for lost funds and with our last event coming up we need to raise as much money as possible. Please print and post flyers and invite people to come out and join us on October 29th for our "Warbirds over NC" fly in!! This event is for any size warbird, including military helicopters. Don King will be cooking a pig on site this year and BBQ plates will be sold for lunch. Any leftover BBQ will be put in containers and sold until it's all gone.

We need prizes for a Big Raffle, please donate if you can! We need help with registration, food and concession sales, parking, cleanup and trash removal. We will need individual snacks as well. We will have a prep day as normal on Friday afternoon, October 28th to make last minute preparations, so come out and lend a hand if you can!

The October club meeting will be at the field again this month with some kind of food provided, maybe simple hot dogs and whatever you guys want, let me know if you have a suggestion, asap.

It sounds early but it's just around the corner, our **Christmas party will be at the West Mount Ruitan clubhouse on Saturday, December 3rd so mark your calendars!!**

The e-mail that was sent from Robert Magahy about the **Kinston airport aviation / manufacturers day is Friday, October 7th** and we need to help out as much as we can, so if you can join us with a static model or to fly for the spectators please let me know asap, since Robert needs a head count for lunch that will be provided. This sounds like a lot of fun and interesting vendors on site!

That's about all I have for now,  
See ya at the field!!  
Wheels down for landing,

*Mark Farmer*

# Meeting Minutes -September, 2016

**Secretary  
Kenny Kicklighter**

## **Tarheel RC Flyers Club Meeting Minutes – September 2016**

The Tarheel RC Flyers met at Golden Corral on September 1, 2016. President Mark Farmer called the meeting to order at 7:44 PM. There were 15 members, and 2 guest present. Mark thanked David Chewning for getting pizza. Mark asked about the wellbeing of the membership, Graylyn Lucas had eye surgery.

**Minutes** –August 2016 minutes were read by Kenny Kicklighter. Motion to accept minutes as corrected was made by Mike Then and seconded by Duncan Tatum, motion passed.

**Treasurers Report-** Jimmy Morgan gave the Treasurer's report

**Safety Report-** No report. David Chewning reminded everyone to check aircraft before flight. Dave had an aileron that was not connected.

**Field Report** – A. B. Gentry noted that the door to the club house was rotted at the bottom. A. B. to check on disposal of the old Port-a-Jon.

**Newsletter** – David Chewning reported that problems with downloads had been corrected.

### **Business-**

- Being good Stewards, by not mixing plastic bottles with aluminum cans, and making sure to put a liner in the trash and recycle bins before use.

- Alcohol consumption at the field to be addressed with the offending parties.
- Mike Then to investigate the cost of security cameras.
- September Fly-in cancelled due to impending bad weather. Purchased raffle prizes to be used at Warbird event.
- Mark thanked David Chewning for his help with repairing damaged concession hut door.
- Larry Lewis reported on recent visit to Victory Junction and upcoming "Fly for Tots" being held at RDRC.

Motion to adjourn made by Joey Joyner and seconded by Mike Then, motion passed.

Respectfully submitted, Kenny Kicklighter

VP Chuck Mager

Running aircraft should never be picked up and carried over or around the start station. One stumble and you could fall right into the spinning prop. This is especially true with larger multi engine aircraft. Pull the stop poles and push the aircraft to the taxi area or back it up and push around the stop poles.

## Field Report

Field Marshall A.B. Gentry

Hello to everyone.

Our field is in nice shape, and want it to stay in that order, a few things to remember is, watch for cigarettes butts on the grounds, and when you leave, hook the chain back where you found it, reminder: do not park your model in front of the building, off to the sides. arm batteries away from the shed. I do have the sanction for next year's Fun Fly, Sept 2, 2017...

A.B. Gentry, Field Marshall

## From the Editor

Newsletter Editor  
Dave Chewning

Nothing to report this month.

Let me know if you have anything to sell, or any interesting links you'd like me to include in the newsletter.
