From the President's Hangar

The weather has cooled off and the flying event schedule is winding down for 2017, and Halloween is right around the corner! There are a few events left so go if you can.

First things first, we will hold our November meeting at a new location and see how it goes. It will be at **"El Jimador" Mexican restaurant behind Dunkin Donuts on Lawrence Circle**, Rocky Mount. We have the meeting room reserved from 6:30 pm till 9:30pm. The meeting will start at 7:30 pm. Hope to see you there and come to eat!

We will have nominations for Member of the Year at the meeting, so be thinking about that. Next month we will vote on MOTY.

I am writing this after a Great "Warbird Event" on Saturday with 42 registered pilots and a lot of flying, not to mention some Great food! Thanks to everyone who helped with the work to put this on, it was a great team effort! Thanks to all who came out and supported us as well.

The West Mount Ruritan clubhouse is reserved for our Christmas Party on December 9th, so mark that Saturday night on your calendar. It's always a great time of fellowship and fun!

AMA renewals are due for most of us so get this done and

Jimmy will be accepting club dues for 2018 from now till December 31st, and beyond, but let's get those dues paid ASAP! Checks are preferred made out to Tarheel R/C Flyers, but cash will do also, in an envelope with your name on it. Thanks. Also let Jimmy know of any changes to your information on the roster.

Our web page and what we want to do with it moving forward needs to be discussed before renewal time comes up next year, so we need to discuss that in the near future.

Please welcome our newest member Ken Helms to our club, we need to get him flying right away!! Welcome Ken!

Piedmont Aeromodelers has a Warbird Event this Saturday November 4th that did not get published, it's for any size warbird, at exit 58 on I-95, Wade, N.C. I'm going, it will be FUN!

That's all for now,
Wheels down for landing!

Field Report

Hello to everyone

With all the nice weather recently, the field is being used quite a bit, that is a good thing. Everything is in nice shape as far as the field goes, there are a few things that need to be done, like some dirt needs to be hauled in and put in the drive ways, before the winter, to stop some of the erosion.
